Check in

Piedmont Preschool

The issue of fire lane access was discussed. The concern was can fire trucks drive through the back lot. Christopher Brown researched this prior to signing of agreement, fire lane is ok as is. Trucks would not necessarily go in the back parking area.

Certificate of Insurance - Piedmont Preschool

The preschool has a certificate of insurance. Perhaps OCSL should research if we need one.

Additional OCSL Expense

Rev. Sunshine had to again use OCSL attorneys for review and update of the lease agreement with Piedmont Preschool. This additional expense was for a deeper dive into the agreement. The total amount of additional expense was \$1100.00.

Rev. Sunshine Michelle's Return

Rev. Sunshine's return date will be evaluated by her doctor. The original date was for sometime in August, now anticipating sometime in September, possibly Sept. 8. We will know more after she speaks with her doctor.

Facilities Core Update

Nancy gave an update on the coming together of new people to replace Susan Brecker's job as facilities coordinator. Members include Nancy Hester, [Linda Wyman](#), [Beth Van Arkel](#), Karen Horner, and Nancy Taylor. Also, as of July 17, we received two new events, one for July 24th and another for August 15th. The July 24th event is already paid for.

Rummage Sale

Discussion held on the outcome and frustrations of the rummage sale in June. Moving forward it was decided that each event needs a project manager to thoroughly organize the event. The rummage sale raised \$3253.00 in sales for OCSL.

Additional fund raising ideas were discussed, such as a kids talent show, a concert featuring Takiyah and perhaps a casino night.

OCSL Classes

We are officially offering foundation classes at OCSL. This class will be reduced to 6 weeks. Another class is being considered for Treatment and Meditation. Doug will fine tune this at our next meeting (Aug. 16).
